

Zoom 20' Popup Tent

The Zoom™ Tent is great for outdoor fairs, exhibitions, sporting events and arenas, concerts, festivals and more. Strong, solid, stable, wind-resistant & durable. Graphics are long-lasting and can endure exposure to outdoor elements. Polyester canopies and sidewalls are water resistant and UV-resistant, providing the ultimate protection from the sun.

Standard Canopy, Fullwall & Halfwall
Stock Colors

We are continually improving and modifying our product range and reserve the right to vary the specifications without prior notice. All dimensions and weights quoted are approximate and we accept no responsibility for variance. E&OE. See Graphic Templates for graphic bleed specifications.

features and benefits:

- Various Kits offered:
- **Hardware Only Kit:** frame, stakes, guy ropes & rolling carry bag

Bag	TNT-BG-6M		

Set-up

Remove from bag.

1

Place feet on stable ground.

2

Extend frame.

3

Lay canopy over top of frame.

4

Align the canopy top over the frame corners and place Velcro on all 4 corners (none on top pieces).

5

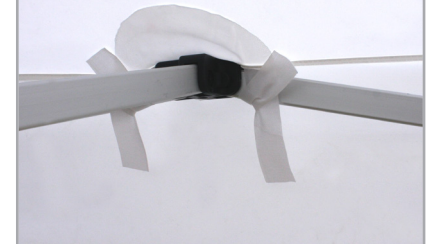

Make sure canopy is flush on hardware.

6

Lift inside poles in center to extend frame completely.

7

Secure top with tabs.

8

Lift the 3 adjacent outer legs and slide out the inner legs until the snap button locks into the hole in the outer leg.

9

Repeat on opposite legs; Make sure to do 2 outer legs at a time.

10

Spin 3 winders in the center of the frame to completely tighten tent.

11

Canopy kit assembled.

12

Fullwall Set-up

Apply fullwall to top Velcro strip inside canopy

1

Secure to side poles with Velcro strips (x4 per pole)

2

Fullwall application is complete

3

10' Side Halfwall Set-up

Attach one halfwall bracket to one tent pole

1

Apply halfwall panel on provided halfwall pole

2

Attach second halfwall bracket to opposite tent pole

3

Attach each side of pole to pole collar; Secure with Velcro strip (x3)

4

Halfwall application is complete

5

20' Halfwall (two 10' Halfwalls) Graphic Set-up

Attach one halfwall bracket to outside post and halfwall tent pole.

1

Apply halfwall graphic panel on halfwall pole.

2

Connect halfwall center bracket to center post connector then attach halfwall pole to center bracket.

3

Attach each side of pole to pole collar; Secure with Velcro strips (x3 per pole).

4

Repeat steps 1-3 starting on opposite outside bracket, working inward. 20' halfwall set-up is complete.

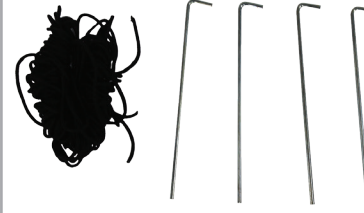

5

90 day warranty

Optional set of four (22 lb ea.) steel weighted bases available
Caution: do NOT pack inside rolling bag or case

90 day warranty

Optional set of 4 pegs and 3.5 meter guy ropes
